Campus Conference facility, Milwaukee, Wisconsin

Download Agenda and more information

Join more than 20 Czech companies for a 2-day conference to explore business partnerships. These companies represent a broad range of industries, including ICT services, industrial automation and logistics, biomedical devices and software, research development, technology, innovation and business accelerators.

The event is designed to promote and expand Business and Technology development opportunities between the Czech Republic and the United States business entities. Through sharing of actual experiences and examples the participants will gain valuable insight on how to leverage their business and profit potential.

Organized by:
HSP, Inc.
